| 04  | Hotels        | 09  | Shopping        |
| 05  | Restaurants   | 10  | Transportation  |

In simple words, users will be able to use APG Token for buying anything. The list includes but is not limited to the following only:

- Homes.
- Condos.
- Boats.
- Cars.
- Clothing.
- Electronics.
- Health and pet products.
- Food.
- Wine.
- Accessories.
- Plane tickets.
- Vacations.
- Tools.
- Musical instruments.
- Dating services.
- Professional services.
- Internet services.
- Crypto gear.

As a medium of decentralized transactions, APG Token will offer robust functionality to enhance users' experience. This will be done as a part of the strategy for growth.

This will include much more than strength, transparency and security. Given below is the list of those additional values:

- Exchangeability and transfer of cryptocurrency.
- Hassle-free payments through our global networks.
- Person-to-person decentralized transactions.
- Transactions in all walks of life.
- Loyalty and reward programs.

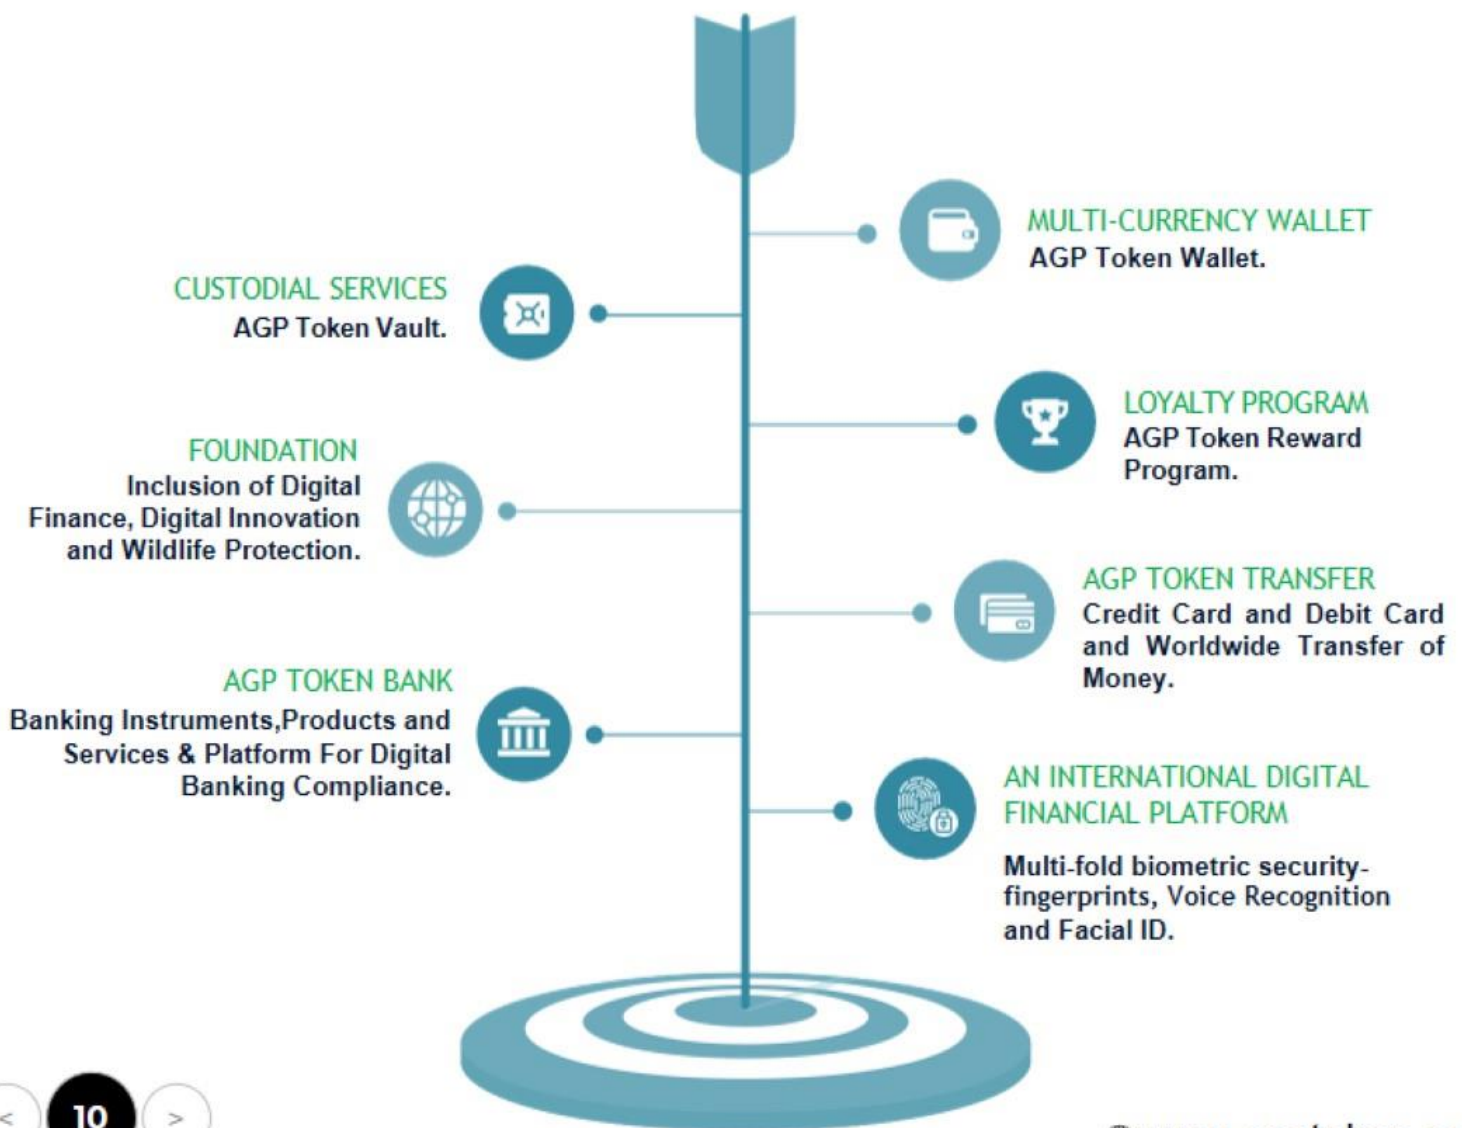

# BUSINESS ECOSYSTEM:

The group is also the issuer of this cryptocurrency based on B-20 protocol.

This is to ensure an ecosystem of business financial applications for worldwide circulation of AGP Token.

This decentralized token has been designed to address holders' daily needs related to the financial transactions.

## ECOSYSTEM OF AGP TOKEN:

In simple words, this multi-utility token will add value to the financial transaction related experience of users. It will change the way people transact these days.

Strategically developed financial and commercial partnerships make it a multi-utility token that offers more value to holders. This is the value users usually do not get from other cryptocurrencies.

It is mainly because **APG Token** allows holders to access to the following within its ecosystem:

- Access to the platform.
- Access to the benefits.
- Access to discounts and other things.

## APG COMPONENTS ACCESSIBLE TO TOKEN HOLDERS:

The group has successfully identified strong reasons for the existence of **APG TOKEN**. This is a huge reason why all components explained below are an essential part of the **APG TOKEN** ecosystem.

### **SPEED:**

Transactions beyond geographical boundaries get completed in 9 seconds only. Therefore, the receiver does not have to wait for days to receive their money.

### **ACCESS/MOBILITY:**

No need to carry any cash or credit/debit cards for payments at shops, malls, restaurants, hospitals, airports, train/bus terminals etc.

**APG TOKEN**, a multi-utility decentralized financial convenience, can be trusted for digital payments and high-quality financial experience like never before.

## LOW TRANSACTION FEE AND ZERO CHARGEBACK:

This is another key benefit for APG TOKEN holders. All local and international transactions using APG TOKEN will be cost-effective for all users. No chargeback will be levied for any transaction.

## INTERNATIONAL USE:

This BSC based cryptocurrency is mainly for making international transactions a positive experience for everyone.

Users do not have to wait and abide by any limitations to carry out transactions internationally. International transactions using APG TOKEN are cost-effective.

## SAFETY AND RELIABILITY:

Since APG Group is based on BSC, all transactions are safe.

Integration of Cryptography makes BSC fully reliable for transactions. This is a huge reason why APG TPKEN is safe and reliable.

## BLOCKCHAIN TECHNOLOGY:

APG TOKEN is an BSC based open-source cryptocurrency. The list of benefits this distributed ledger technology includes but is not limited to record-keeping or cryptocurrency transactions, creation of blocks, validation of transactions and broadcasting addition of records in a ledger to every node available in the network.

## NO MEDIATION:

Governments and financial institutions like banks never become part of transactions at any level. This results in speedy, decentralized and cost-effective transactions.

# WHAT IS APG TOKEN ?

## MULTI-UTILITY TOKEN

APG TOKEN has been designed and developed to be of use in all walks of life worldwide. All of the benefits will be available to all registered APG users. Given below is the list of main benefits they will enjoy:

- A foundation.
- Multilanguage support.
- Multi-currency exchange.
- Cryptocurrency/FIAT international bank.
- Worldwide money transfers.
- Vault.

- Digital wallet.
- Access to MFS (Mobile Financial System) for making payments using APG TOKEN in all walks of life.

This facility also includes the use of debit and credit cards to help users use APG TOKEN in all walks of life worldwide.

## APG TOKEN USERS WILL NOT HAVE THE FOLLOWING:

- Any kind of representation.
- Property.
- Rights.
- Revenues.
- Equity.
- Any type of values in any of APG TOKEN's business ecosystem entities.
- Partner companies.

They can use this cryptocurrency only for making payments for something in all walks of life worldwide.

# TOKEN SUPPLY

All supply of APG TOKEN is capped. Therefore, at least, 50% of the APG Tokens were made available for trading after the successful launch of the network platform.

Team and advisors will get access to the APG TOKENS for distribution after one year of ICO.

APG TOKEN has kept reserve coins in custody. This will help deal effectively with issues related to losses, hackers and among others. If it does not happen, all reserve coins will be released after the distribution of public sale of coins.

Qualified and institutional investors will be issued tokens only according to their local regulations of their respective countries.

Market will get limited supply of APG TOKEN initially. This will result in supply fixing. The demand for tokens may reach the next level due to the market conditions. This may or may not help token holders earn capital gains.

## WHY APG TOKEN

# NETWORK TOKEN ICO

We have been making the best possible efforts to research, prepare and develop multiple components and strategies responsible for the design of APG TOKEN cryptocurrency and its launch and growth.

We have created this cryptocurrency with the objective of transforming the way people transact these days.

APG TOKEN is a unique and innovative asset-backed cryptocurrency combined with the Blockchain technology and a wide range of physical assets.

It is a cryptocurrency developed to help users access their cryptocurrencies and FIAT currencies anytime and from any part of the world. In this way, **APG TOKEN** helps deal with the most critical issue related to the worldwide adoption of cryptocurrency.

The group has decided to accomplish a number of key issues with it. This is why the continued development of this decentralized token and relevant apps will be important for the following:

- To back the **APG TOKEN** ecosystem.
- To underwrite the universality of **APG TOKEN**.

**APG TOKEN** business ecosystem is fully scalable, professional and independently managed with the following:

- A portfolio of diverse asset types.
- A digital banking platform.

The list does not end here only. All these things collectively add a new value to the value of **APG TOKEN**. Its usage and market demand for routine transactions in everyday life could be the reasons.

Since it is always likely to be an asset-backed decentralized token, its market value will depend on time.

The rest of the things about **APG TOKEN** have been specified in this **whitepaper**.

As far as the rest of the proceeds from the ICO are concerned, the ICO sale includes funds for the following:

- Management.
- Operations.
- Technology development.
- Marketing and promotion.
- General information purpose.
- Funds for global legacy.
- Funds for inclusion foundation.

All the fund raised through this ICO will help us the goals specified below:

- Fight poverty.
- Continue activities related to the technological development of APG TOKEN business ecosystem.
- The development of APG TOKEN.
- Running marketing campaigns to promote worldwide acceptance of APG TOKEN.

All this will help spread brand awareness effectively among our targeted users. The transparency of smart contracts will help make funds auditable. All of the annual reports produced will be fully in compliance with the following:

- APG TOKEN's corporate policies.
- Regulatory issues governing operations.
- Regulations governing cryptocurrencies.

You can seek detailed information about the funds likely to be raised through a graph presented below:

APG TOKEN

# CURRENCY PRICE

**This is something all registered APG users must know about.**

**Multiple private pre-sales and rounds will be organized with many types of loyalty bonus incentives. This is as per the payment methods users will put to use to carry out transactions in each-tier.**

**APG TOKEN reserves all rights about negotiating special deals and discounts for individual traders and brokers who will buy a large quantity of APG TOKENS.**

**The group has plans to launch a loyalty reward points program to reward users for making APG TOKEN a worldwide multi-utility token in all walks of life.**

This is going to take the value of APG TOKEN to a new high in the time to come. This will also add value to the growth of ecosystem growth opportunities.

This is why the group has designed and developed an APG TOKEN loyalty reward points program for users.

Therefore, it is important that all users know about the token sale, relevant dates and bonuses.

The APG TOKEN sale will initially take place in the **year 2021**.

If needed, users can trade their APG TOKEN for earning profit. This could be possible only when users are fully familiar with the following:

You must have a valid passport or any other Government approved national ID card.

- Having a mobile number is mandatory.
- You must have a valid email address.
- You must not be less than 18 years of age.

APG TOKEN is not for sale, purchase or trading in countries where cryptocurrencies are not legal.

In case, you belong to such a country and still purchase, sell or trade APG TOKEN, APG will not be responsible for your loss and the legal issues you will face.

Only you will be responsible.

# FULLPROOF SECURITY

Multi-factor biometric authentication model is the base of APG TOKEN security protocols. This is to make sure hackers do not get even a single point to attack.

We are committed to ensuring role-based access to the system for all of the registered APG users.

This is why every user's access to the system will be authorized, authenticated and logged.

A team of heavily experienced security professionals will be deployed for continuous autonomous monitoring of logs.

The team will also actively take countermeasures based on AML integrations for blocking access of suspect users.

Implementations of security protocols will help ensure secure mobile access for users. Moreover, our system will become easy-to-use for our registered users.

APG TOKEN GROUP is committed to developing APG ecosystem applications to ensure highly secure access.

Partners will help ensure cybersecurity systems based on artificial intelligence. The end-to-end rotation system will also be an essential part of the security system.

This is to keep all types of sensitive data encrypted. The use of end-to-end rotation SHA algorithms will play an important role.

All sensitive transactions will be verified through fingerprints, facial recognition and voice recognition system.

KYC, MSB, AML, timely backups and contingency plans will also be an essential part of the security process.

Cold storage solutions, multi-signature wallets, online/offline auditing of security will also play a key role in making APG TOKEN ecosystem applications secure.

All this will mainly ensure direct access to cryptocurrencies and blockchains to carry out transactions.

Another important thing all users will get is is the cross-platform support for iOS/Android and web apps as a part of the security process.

The group will do everything to make sure that the security measures incorporated in apps continue up-gradation in future also.

As a part of the APG TOKEN ecosystem security process, some more key things will be ensured. For example:

### **EQUAL PARTICIPATION:**

**APG TOKEN** believes in fair distribution of token.

The price of **APG TOKEN** will remain stable during the ICO campaign. This is to make sure that a greater number of small level investors do not take most of the offer.

APG TOKEN is making efforts to get APG TOKEN listed on major global exchanges for the promotion of token's circulation.

This will ensure more number of countries and marketplaces for APG TOKEN. More importantly, holders will have access to the token.

The initial price of APG TOKEN at the exchange will be the same as the presale/ICO.

### TEAM OWNERSHIP:

APG TOKEN will retain at least half the number of APG TOKENS issued. Meaning, the team will retain 50% ownership stake.

The duration of this lockup period will be of at least one year after the completion of APG TOKEN ICO for the distribution of tokens to the team.

This is to ensure that our team gets the flow of money to keep the system updated and up & running without any hassles in the time to come.

### TRANSPARENCY:

APG TOKEN will deploy a team of experts dedicated to answering questions and providing feedback of customers about APG TOKEN, token sale and its use on multiple platforms/forums.

The list of APG TOKEN social media platforms for marketing and communication includes Facebook, Twitter, Reddit, Instagram, Telegram, LinkedIn, Medium, e-mail, YouTube, Line, GitHub, and Discord etc..

English and local languages of customers will be the main mode of communication. In this way, all APG users will be able to get to know about any unforeseen changes, modifications, updates and other issues on our website.

All investors and registered or potential users will be able to use our website to know about our company's website.

### TERMS AND CONDITIONS:

We have already stated our terms & conditions in this whitepaper. Every APG TOKEN ecosystem application/platform will perform appropriate code of conduct. This will be important for complying with all kinds of local as well as international regulations.

All APG users and transactions will have to comply with KYC/AML regulations.

APG TOKEN GROUP has a compliance team to make everything comply with the law and regulations.

It is mandatory for all APG users and investors to know about the following in advance:

- Regional restrictions.
- No advice.
- Limitations of liability.
- Forward looking statements and cautionary notes.
- No representations by you.
- No warranties.
- Token Sales Risk.
- The company risks.

His contribution to the growth and success of NFX, Bloom Drive and Ensofx also cannot be underestimated.

All in all, he has proved himself, his abilities, dedication, services and expertise continuously since 2008. The award of the Best Financial Services Provider, Political and Public Life Awards in 2004, 2008, 2010, 2014 and 2004 speaks volumes in this regard.

This is how our worldwide user base will earn rewards for the transacting using APG TOKEN wallet account. Users can spend their cryptocurrency or FIAT money available in account in and out of the business platform and even through market alliances.

This will help them get their reward points passively credited to their account as a part of the APG TOKEN loyalty program.

### SAFETY OF APG FUNDS:

APG employees do not believe in accessing anyone's wallet. This is their way of adding value to the experience of APG TOKEN users.

**APG TOKEN** is stored in the wallets of users automatically controlled with the use of smart contracts.

All funds are transferred to the wallet address specified or created by the payment receiver. This happens after the completion of coin sale.

Therefore, **APG** team does not get access to the unique client wallets. They cannot even perform transfers from these wallets.

**APG TOKEN** is generated automatically. Confirmation receipt of funds to a campaign's smart contract is another way.

This is how **APG** is protected from frauds and backs all **APG TOKEN** using a real monetary value.

### **SAFETY OF USERS:**

**APG TOKEN GROUP** will leave no stone unturned to ensure users' access to a state-of-the-art biometric security system.

The purpose of this security system is to prevent unauthorized access to their **APG** wallet.

We will not store access credentials on our website or servers. We specifically do not do so using hashing for quick login.

Therefore, keeping users' security in mind, we will offer them the following three options:

- Password storage in wallet.
- Storage of wallet on our platform.
- Deletion of password for security reasons.

As far as links to users' profiles on social media platforms, emails and other contact information concerned, only you will be able to see.

No third party or unauthorized users will have access to this key information.

APG TOKEN systems and infrastructure are regularly supervised and verified. The objective is to make the systems and infrastructure do their job to perfection.

All of the verification procedures conducted could possibly result in collection, recording and analysis of the data about our clients, our systems receive, transmit and store.

In case something illegal is noticed during the verification process, the information could possibly be shared with the local authorities for further investigation.

Therefore, you are advised to go through the Security section of our whitepaper for seeking detailed information about APGTOKEN Group's security plans.

## **CONFIDENTIALITY:**

**Our system will record and encrypt every single transfer users make. APG wallet accounts of all users registered on our platform will also be encrypted.**

**Association of APG wallets with users' profiles will be limited to a large extent.**

**Only the APG cryptocurrency development team will be able to associate wallets to the users registered on our platform.**

This will help resolve disputes and cater to the information requirements of users.

**APG TOKEN GROUP** is committed to safeguarding all personal information of users using foolproof encryption methods/practices. This includes the protection of Email Ids, passwords, wallet Ids.

This protects **APG** users against issues like hacking and data leak. Even in the worst case scenario, users' information, passwords and wallets will not get affected. There are two reasons for it:

- No access to the data is possible.
- No money transfer is possible.

**APG TOKEN GROUP** will not share personal information of users with any third party. However, if needed, we may share users' personal information with the law enforcement authorities legally.

**APG TOKEN GROUP** does not control these third-party affiliates or companies/organizations like intermediate banks or prepaid card service providers.

The information given is according to an agreement. The information provided is fully confidential and could be put to use or processed only for providing the service.
